

HO Minutes – February 5, 2016

- 1. Approve January minutes – Jim moved, Carl seconded, motion passed.**
- 2. Procedures posted**
- 3. DC/Analog posted on calendar. Will put on the web page.**
- 4. Brochures – need changes to web site so changes in flyer match up with web. Web will be corrected. Dean move and John seconded that we print 150 glossy current flyers and put 50 in each of the three local shops (Hobbies Unlimited , Train shop, Just Trains). Marc has the latest flyer version.**
- 5. Good Guys show, Saturday the 18th, DCC, Sunday the 19th analog.**
- 6. Not too much new on the dinner. Dean did bring a double track bridge (15”) that would be one half of the new bridge. Waiting for Walther’s to release the new 15” bridge for the remaining section for the bridge.**
- 7. Turntable – problem is that radial tracks are up to a 1/16” higher than the table. John was still working on it.**
- 8. Gary brought out a number of signal bridges and single signals that Bob Johnson had accumulated from his Train Master budget. Good potential for putting a signal system on visible sections of track.**
- 9. Joel brought up the blue wall behind the city. Suggested we try to get it painted in a style like the other walls, ie, port, etc. He will look into it.**
- 10. John moved and Jim seconded that meeting adjourn. Motion passed at 9:05.**
