

**ACCRS  
HO Monthly Meeting  
Minutes  
March 3, 2017**

Meeting brought to order at 8:20 pm by Trainmaster Gary Lewis.

**Previous Minutes**

Minutes from previous meeting approved with correction to minutes. See attached.

**Road Modification**

John moved and Marc seconded that we make the modification, but must be done by Fair and started after Good Guys.

**Thunder Storm Sound & Visual**

Jorg still working on it. We have thunder, lightning and flashes.

**Turnouts Problems Identified.**

Bridge switch still needs a little more twicking.

- Past the new bridge. – Three axle trucks seem to dip and derail.
- Loop 73 problem.
- Track 3 inside hidden yard
- Switch by Port causing problems.

**New Cabinets available for use.**

Dean has set up a set of 9 Sears mid tool cabinets that normally would be used for tool storage. Each cabinet has two drawers and can hold 30 to 40 cars or more. Engine storage is also possible. The concept is for those who sign up for multiple shifts for the Fair can be allowed to use one, two drawer, cabinet during the Fair so they don't have to keep bringing in their trains. The Trainmaster will have a master key and will issue the second key to the member.

**Adjourn:** Andy moved and Gary seconded to adjourn. Motion past.

Dean Lewis: Acting for Jere Ingram.

### **HO Scale Rules and Operating Practices.**

Dean has developed a draft based on club bylaws. Jere/ Gary agreed to review them. Jere has reviewed and agreed to them. Once approved they need to be reviewed by all members and a copy provided to prospective members.

### **Layout Equipment**

A heads up to all members about HO Scale Equipment on the layout or available for use by members. If you use a piece of equipment that is on the staged portion of the layout....put it back when you are done with it. If you break a piece of lay out equipment take it up stairs and put a note on it about what is wrong.

Motion to end meeting approved.
