

ACCRS General Meeting, January 5, 2019

President Gary Lewis brought the meeting to order at 8:08pm

Club Business:

- Meeting started with a “Christmas Report” of did anyone get something interesting from Santa. Jere Ingram indicated that he got some narrow gauge stuff. Not much else was mentioned.
- Treasures Report: John gave his treasures report. Balance as of 12/31/2028 was \$48,782.70. Budget was discussed and we agreed to move \$200 more dollars to the Promotional Supplies to bring it to \$400. Phil moved and Dean seconded the motion. Based on his budget analysis, we have a short fall of \$2,630.
- O-Scale: Dick mentioned that they got two new diesel locos for the fair. Brass, painted and run great for the bargain price of \$125 for both.
- Club Work : President Gary Lewis stated that if we are going to show good faith with the fair and get the place cleaned up that we will need everyone to participate and do more than just come down to run trains.
- Fair Plans – The blue metal building to the south is being demolished and space rehabilitated prior to the fair. That includes the space outside our back door to the south of the fence. Not sure if they will salvage the blue building or not. We would be the last of the three buildings demolished if they proceed as planned.
- Train Show: February 23rd and 24th. The March Good Guys depends on use of the back door to go south instead of north.
- General Discussion: Phil brought up “what if” items from a proposal to the city for a piece of land to build a building on. He called it our Plan B. Something like Walnut Creek did to get their building or maybe Crocket. Go Fund me options and maybe organization structure like Rio Vista, Nevada Northern, the San Antonio club (Gary Visited recently) or the San Luis Obispo club.
- Tony reminded us that the Golden Spike 150th year event is coming up in July. Same time as the NMRA has their yearly convention in Salt Lake.
- Meeting Adjourned: Dean Moved and Ken Seconded that we adjourn. Motion passed.

Dean Lewis
Secretary
